

It's better to RETAIN than replace!

Losing employees hurts your business. RETAIN can help you keep them.

Workers who are out of work for more than 12 weeks for a health condition have less than a 50% chance of ever returning.

Those who are out of work for 52 weeks have less than a 5% chance of returning to work.

VT RETAIN offers early intervention to help employees stay on the job with an injury or illness.

Timely intervention can help your employees get back to work sooner.

VT RETAIN is an easy, no-cost way to connect workers to valuable resources when their mental or physical health affects their ability to stay at work.

How can VT RETAIN help you?

- RETAIN existing employees
- Reduce or eliminate lost work time
- Reduce costs associated with hiring and training

Workers don't have to be sidelined by their physical or mental health.

DYK? Vermont has the third highest rate of people receiving Social Security Disability in the United States due to mental health issues. VT RETAIN can help you keep your employees productive and on the job.

The VT RETAIN study is funded by the US Department of Labor, Office of Disability Employment Policy (ODEP) and is a joint initiative lead by ODEP and the Social Security Administration. VT RETAIN is working in collaboration with the Vermont Department of Labor Workers' Compensation and Safety Division to provide support to Vermont.
